Earn on Every Referral

Earn commission on each PingMaster5000 sold based on your referral to companies that manufacture, rent, finance or sell valuable assets such as trailers, golf carts, ATVs, ATM machines, construction equipment, boats, etc.

Manufacturers

that want to earn revenue as distributors to dealers or want to pre-install trackers to increase the market value and brand loyalty of their vehicles or equipment, and make them more appealing to dealerships and finance companies.

Fleet Owners

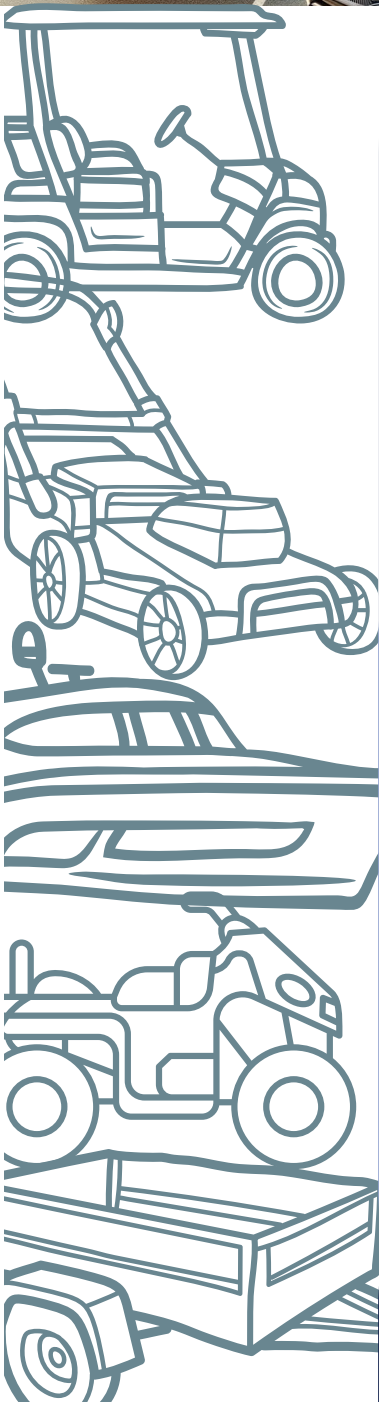

such as golf cart rental businesses that need GPS trackers to monitor location and movements on golf courses or in resort communities, set up geofences for “no-go” areas, confirm pick up/drop off times, and manage maintenance.

Dealers

that need to protect their inventory or assets on their yard from theft before they sell, or resell, the trackers to fleet owners and individuals.

Finance Companies

that provide loans for different types of vehicles and equipment that need to monitor locations and movements, reduce costs, recover stolen trailers, and lower repo recovery rates.
